INTRODUCING THE NEW LM LINKAGE SPRAYER AND M BOOM

The new BA Pumps & Sprayers LM Linkage Sprayer with M Boom signifies a shift towards a more efficient, safer, and productive spraying solution for farmers. This innovative product allows you to cover more ground per fill with complete control from the tractor seat.

Mark Harris, General Manager of BA Pumps & Sprayers, is excited about what the new range can offer kiwi farmers: "It's not often you can launch a sprayer which provides such a step change in performance and value, but with our 35 years of experience, developing, and manufacturing sprayers in NZ we are proud to have done just that."

LM TANK FEATURES >>>

Moulded tank calibration strip, with sight glass level indicator for clear visibility while operating.

Ergonomic Operator Station: Product loading made easy with a built-in induction hopper.

Operator safety: Easy access steps and grab handles for safe access to the top lid.

Easy to move: Fork lift pockets in the tank frame make it easy to move your sprayer where you need it.

**SCAN TO FIND
OUT MORE ABOUT
THE LM SERIES**

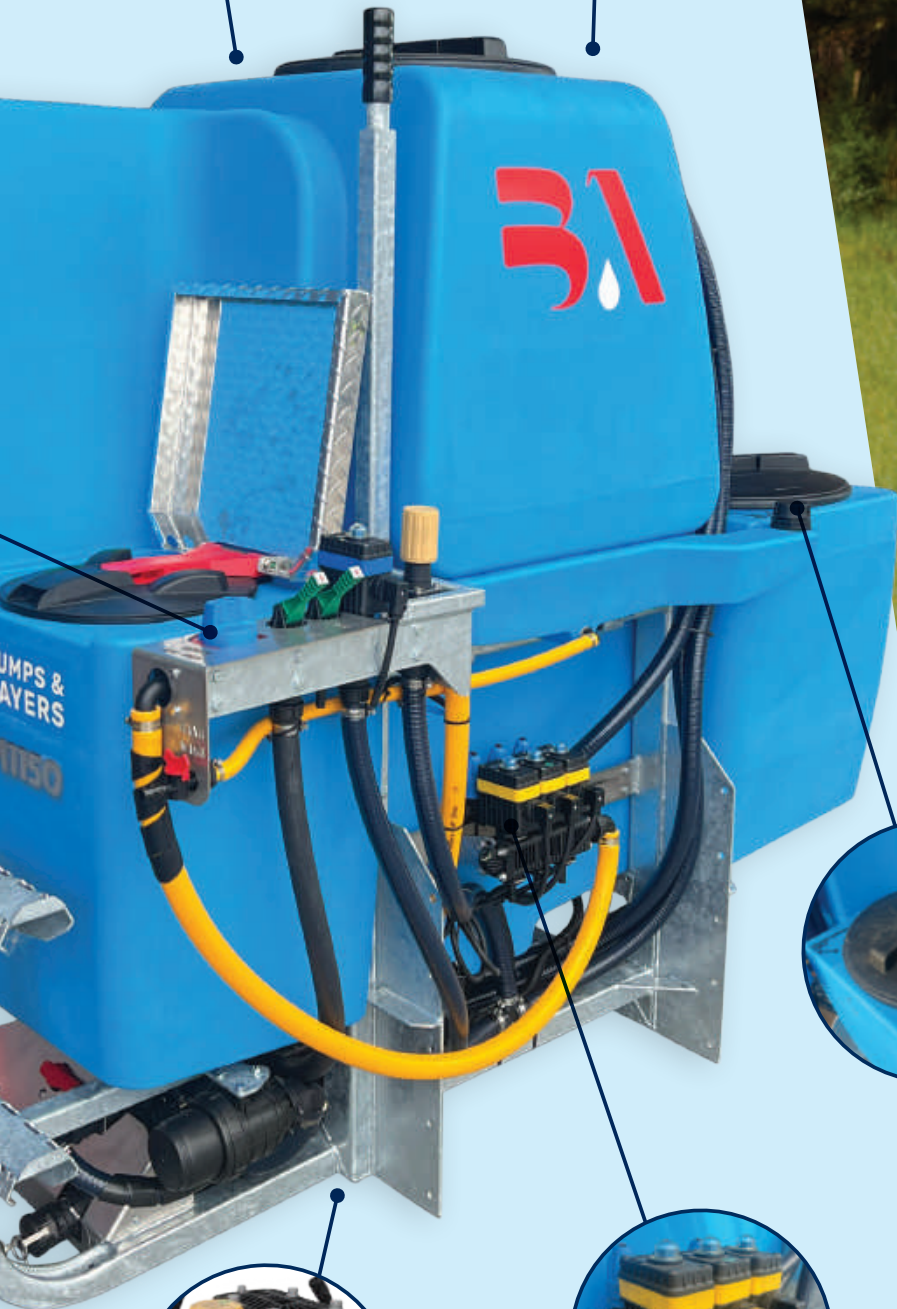

900L and 1150L T-Shape Tank (Reg. Design): Protects working surfaces from mud and debris, whilst keeping weight forward.

Pressure Gauge: Fitted on the cab side of the tank so you can check the pressure from the tractor.

SAFER, FASTER, STRONGER

**NEW
PRODUCT**

Flush Tank and Hand Wash Tank: Ensures pump and lines are clean and prioritises operator safety.

Bertolini 75-Litre POLY Pump: Standard for liquid fertiliser readiness.

3-Section In-Cab Electric Control: Enables pressure adjustment and section control on the move.

**TURN TO PAGE 4
FOR DETAILS ON
THE M BOOM >>>**

M BOOM FEATURES

THE M BOOM (PATENT PENDING) HAS BEEN DESIGNED FOR SUPERIOR OPERATION INCORPORATING FULL WING LIFT AND FOLD USING ONLY 2 TRACTOR REMOTES AS STANDARD.

CHECK OUT ALL THIS AND MORE BELOW >>>

SCAN TO WATCH THE M BOOM IN ACTION

Skid plates: Protect the boom on rough terrain.

Built-in Breakaways: Safely clears obstacles during operation.

The M Folding Mechanism with Wing Lift: Operated by only 2 tractor remotes, a patent-pending feature.

Fully Hydraulic Operation: No operator intervention needed, full control from the tractor seat.

Smooth Outer Shape: Minimises fence hook-ups.

The 12 metre M Boom covers more ground in less time.
